Students should understand that as part of their training, among other things, they will be required to perform services on members of the public who will pay the Academy a fee for that service. Students should also understand that these services and other tasks they may be assigned to perform are designed to allow the student to learn the trade by practicing skills on paying customers and learning in a simulated professional environment. Students will not be paid a wage for any time spent enrolled in the Academy.

The Salon Professional Academy trains the students to become service professionals in Cosmetology, Esthetics, and Massage Therapy.

The Salon Professional Academy uses a 100-point grading scale:

- 85-100% is passing and 0-84.99% is not passing for the Cosmetology and Esthetics programs;
- 75-100% is passing and 0-74.99% is not passing for the Massage Therapy program.

Grades are given for classroom work, projects, and styling area performance.

Grades are posted on a weekly basis outside the Director of Education's office. The Director of Education can provide students with the most up to date information upon request.

Inadequate Grades

When a student is weak in one or more areas of study or skill, the educators will determine a deadline for the student to complete the work satisfactorily.

The student will be informed immediately after a grading period how a deficiency can be corrected. The student will be advised during the grading period if grades are below standard.

Academic Warning/Probation

If a student is not at an 85% attendance average and 85% grade average for Cosmetology and Esthetics or 85% attendance average and 75% grade average for Massage Therapy at the end of each payment period, the student may be placed on Academic Warning or Academic Probation in order to raise the grade average and/or improve the attendance average. The student will be considered to be making academic progress during this probation. Details of Academic Warning or Probation can be found in the Satisfactory Academic Progress Policy. A student remains on Academic Warning or Academic probation until the next checkpoint where SAP is assessed again.

Suspension

Students may be suspended for absence, tardiness, or inappropriate behavior. If a student is suspended, the student will be advised of the problem and what the student must do to correct the problem. It is the intent of the Academy to prepare students to be professionals in a career. If a student is not so inclined and has limited likelihood of success in this career, it is the responsibility of the Academy to inform the student and to tell the student how deficiencies can be corrected.

Termination

The Student's enrollment may be terminated by the Academy for failure to meet any of the policies including, but not limited to, insufficient progress, nonpayment of tuition, or failure to comply with rules or policies. In the case of termination by the Academy, the student will receive a refund according to the Institutional Refund Policy.

Transcript Policy

A student who withdraws or is terminated from the Academy may request transcripts from financial aid in writing or by phone. Official transcripts may take up to three

business days to process. Official transcripts will be released only after the student has completed payment of all tuition, fees, and over-contract charges or made arrangements under a payment policy. There is no fee charged for transcripts.

Unofficial transcripts can be obtained by contacting a Director in writing or by phone. Not all institutions accept unofficial transcripts. Check with the receiving institution to determine whether it will accept unofficial transcripts.

Terms of Re-entry: Extenuating Circumstances

A student who must withdraw temporarily may re-enter the school under the following conditions: 1) the student had satisfactory progress both academically and in attendance when the temporary withdrawal began; 2) the student had extraordinary personal circumstances that made academic progress or attendance extremely difficult, and/or the student, or the student's family member, required medical attention that required the student to temporarily withdraw. Under any one or combination of these conditions, the student will be re-admitted without prejudice.

Terms of Re-entry: After Termination Due to Unsatisfactory Progress

A student who wishes to re-enroll in the Academy after being terminated for unsatisfactory progress will be required to provide proof of ability to meet the Satisfactory Academic Progress policy prior to re-admittance.

If a student was terminated from the program due to poor attendance, the student will be required to provide proof of acceptable attendance prior to re-enrolling. Examples of acceptable proof include attendance history at place of employment or through volunteer work. If a student was terminated from the program due to failure to maintain an 85% grade average for Cosmetology and Esthetics or a 75% grade average for Massage Therapy, the student must meet

with the Director or Owner prior to re-enrolling. Course recommendations can be obtained through the Director of Education. The student will be responsible for all costs associated with the course.

Each student will be evaluated on an individual basis by a Director who will inform the student of acceptable forms of proof and requirements for re-admittance.

Terms of Re-entry: After Dismissal for Conduct Violation(s)

A student who wishes to re-enroll in the Academy after being terminated for a conduct violation(s) will be evaluated on a case by case basis.

If a student was terminated from the program due to conduct violations, the student and circumstances will be evaluated by a panel consisting of the Owner/Director, the Director of Education and relevant other faculty and staff. The student will be asked to demonstrate that the previous conduct violation will no longer be an issue.

Payment Policy

A student who is no longer able to abide by the payment schedule as agreed in his or her contract may, in writing, request a meeting with the Owner/Director. The student will present his or her financial situation and payment abilities to the Owner/Director. The student and the Owner/Director will review the information presented by the student, and together they will develop arrangements as to future payments. These arrangements will be signed by both the student and the Owner/Director with a copy made for the student and the original to be placed in the student's file.

Student Policies

Apparel Code

All students must wear a TSPA smock (initial smock provided by TSPA) along with black dress pants, non-faded black jeans, leggings, or skirt/dress and a black top. Leggings must be worn under skirts that are shorter than knee length. No shorts are allowed. Additional smocks may be ordered at the student's expense.

For all programs, no hats or baseball caps are allowed. Shoes must be clean. No flip flops are allowed. Be creative - add jewelry and accessories!

Time Record Policy

It is a State requirement that the school provide an accurate system for recording all students' time. Students record their hours daily by using the electronic time clock fingerprint scanner. Students are ultimately responsible for tracking hours on a daily basis.

Always scan in and out at the beginning and end of each day and also for lunch. A student may not scan in prior to 15 minutes of the scheduled day.

Attendance Policy

A cosmetology student is allowed five (5) days excused absences during the training period. There are 5 additional days allotted for vacation after 900 hours. These days are included in the Contract End Date in the student's Enrollment Agreement. This does not apply to the Esthetics or Massage Therapy program.

Any missed work or exams will be rescheduled at the discretion of the educator. Regardless of excused or unexcused, all missed time must be made up prior to graduation.

No Call/No Show Policy

Students are provided with a list of phone numbers when they start their program. These are the numbers that can be used if an absence is unavoidable. Students must call a minimum of 30 minutes before their scheduled arrival time. Proper notice is required in order for an absence not to be considered a no call/no show. In all circumstances, students are **required** to talk to an educator. Leaving a message is **not** considered proper notice and will be considered a no call/no show.

If a student should not attend and does not notify the school he/she could be suspended for one day. In the case that a student does not attend and does not notify the school that he/she will be absent for three consecutive scheduled days, on the fourth day of absence without notification, the student could be withdrawn.

Failure to follow this policy, even once, could result in suspension.

Unexcused Friday/Saturday Absence Policy

Students are required to attend all scheduled hours including Friday and Saturday shifts. More than three unexcused absences on Friday or Saturday shifts could result in suspension.

Excused Absence Policy

Students may be excused for absences which are out of their control if proper documentation is provided to the Academy. Examples of excused absences include: illness of the student or student's child with a doctor's excuse stating the illness and that absence is required from school, a funeral with a program from the service, a car accident with a police report, doctor visits, including medical, dental, vision or pregnancy, for non-illness appointments, and maternity leave or complications of pregnancy. Additional scenarios could result in an excused absence as approved by the Director of Education.

Other absences may be excused if absences are requested at least two weeks in advance. These absences can be requested by using the Absence Request Form.

Please remember that taking time off may put a student over their contracted graduation date, resulting in over contract fees. It may also affect a student's ability to receive financial aid if they are not making Satisfactory Academic Progress or meeting the terms set forth by the Department of Education.

In the real world, following policies such as this allows you to keep your job.

Tardiness Policy

Excessive tardiness may result in disciplinary action. All tardy time (even one minute) counts against attendance for Satisfactory Academic Progress in the program.

Students are required to call and speak with an educator at least 30 minutes prior to the time they are scheduled to begin. If a student fails to call and notify an educator that he/she will be tardy, it will be considered a no call/no show. Failure to follow this policy may result in suspension.

Make Up Policy

Students are responsible for scheduling make up days. Any make up work must be handed in or it will result in a zero. If a make-up day is scheduled and the student fails to come to school on that day, the student may not be able to make up time again for a month.

Leave of Absence Policy

If a cosmetology student faces extenuating circumstances which requires a Leave of Absence (e.g. medical reasons affecting the student or a member of student's immediate family, military service requirements, or jury duty), a leave of absence may be granted by completing/signing a leave of absence form supported by appropriate documentation (e.g.

a doctor's note on official letterhead, military orders, or a jury duty summons). Failure to sign the leave of absence form could result in being withdrawn from the program.

The leave of absence shall not exceed one hundred and eighty (180) days, and this time will not affect the student's Satisfactory Academic Progress standing. Upon approval of a leave of absence, the student will be approved for the maximum time allowed, or remaining, depending on if the student has taken prior leaves of absence or not. The student may return early at any time from a leave, without penalty, also allowing remaining time to be put towards a future leave of absence, if needed. Upon returning from a leave of absence, the student must meet with a Director to complete the "Return from Leave of Absence" section on the bottom of the Leave of Absence Form.

A leave of absence may extend the student's contract period and a minimum time frame by the same number of days in the leave of absence. A student taking a leave of absence that is not in Satisfactory Academic Progress and has been put on Probation may return to school but will remain on Probation. An approved leave of absence is not considered a withdrawal. If a student does not return after the leave of absence, that student is considered withdrawn. A refund calculation would then be performed.

Any required refund would be paid within 30 days. Any exceptions to this policy must be approved through the Director.

Students should be advised that their 6-month grace period for Title IV Loans will be reduced for the period of time they were on a leave of absence.

Esthetics and Massage Therapy students are not eligible for Leaves of Absence.

Conduct

Swearing and other improper language will not be tolerated. Destruction of school supplies or property will not be tolerated. Students will be under the supervision of educators at all times. Always get an educator's consultation before proceeding with guest services. Students will not be allowed to refuse any services an educator asks to perform. Failure to comply with conduct policy could result in termination from the program.

Care of Textbooks, Kits, and Equipment

Textbooks and kits are important. Have them in school every day. If an item is lost or broken, replace it promptly. The Director of Education will order replacements for a student at cost. Borrowing is not allowed. Lock up professional tools. Textbooks are a

students personal, professional library. Write notes in them to aid in learning. Keep the work area (classroom or styling area) clean and neat at all times. Clean up all work spaces after using them following all state mandated safety and sanitation guidelines. Students will be responsible for sanitation duties daily. These duties must be checked by an educator before leaving each day. School equipment is not to leave the school at any time.

Library

A library is provided for use. Books and other materials may be checked out during the day and taken home overnight. They must be returned the next day. Students are required to have a staff member sign when an item is checked out and when it is returned. Failure to do so may result in a student being charged replacement fees for lost books and other materials. Access to materials in the library outside of posted hours is available with an educator's approval.

Lockers

Each student will use the locker provided by the Academy to store personal items. Students are provided with a lock that must be returned in working condition or a fee will be charged. Do not put anything that does not belong to you in your locker. Nothing should be stored on top of lockers; this includes sodas, towels, etc. Lockers must be cleaned out seven (7) days from the day a student graduates, drops, or is terminated from the program.

Parking Area

Please park away from the building. This leaves room for our guests to park and walk into the school.

Three Step Resolution Policy

In the case of any situation that may require conflict resolution, a student must first discuss the issue directly with the educator involved in an attempt to resolve the issue. The educator and student should document the discussion and the outcome including the date and time the discussion took place. This documentation should then be placed in the student's file.

If a resolution cannot be reached in the first step of the process, the issue will be referred to the Director of Education for review. The Director of Education will review the documentation that was placed in the student's file and then will set up a time to meet

with the student and educator, if necessary. During the meeting, the Director of Education, the educator involved, and the student should document the discussion and the outcome including the date and time the discussion took place. This documentation should then be placed in the student's file.

If a resolution still has not been reached, the issue will be referred to The Academy's Owner/Director for review. The Director will review the documentation from the first two steps, and meet with the Director of Education for further information, if necessary. The Owner/Director will then meet with the student and any other parties, as necessary, to resolve the issue. During the meeting, the Owner/Director and the student should document the discussion and the final outcome including the date and time of the discussion. The documentation will then be placed in the student's file.

Resolutions to all cases should meet the standards set forth in the school policies of The Academy. Regardless of whether it's excused or unexcused, all missed time must be made up prior to graduation.

Disciplinary Action

If any behavior of a student is subject to disciplinary action, it will be administered fairly and equally. It is not possible to list every conceivable infraction which may subject a student to disciplinary action; however, the infractions listed below provide a guideline as to when disciplinary actions may be administered:

- Violation of State Licensing Regulations
- Refusal to perform a service on a client
- Leaving school without permission
- Failure to punch in or out
- Taking school merchandise without paying for it
- Theft
- Dishonesty
- Discourteous treatment of clients
- Falsifying records or information
- Insubordination
- Failure to follow instructions
- Fighting, immoral conduct, threats or intimidation of others
- Sleeping while clocked in
- Failure to report an accident or injury immediately
- Being absent without notice or excuse
- Attending school while under the influence of drugs or alcoholic beverages

- Possession of drugs or alcoholic beverages on school premises
- Inappropriate appearance
- Improper language
- Improper use of phone or cell phone
- Excessive tardiness
- Unauthorized solicitation
- Possession of weapons on school property will result in immediate termination.
- No call /No show

Students are required and expected to act in a professional manner. Inappropriate behavior which could distract other people and/or disrupt classroom procedures will not be tolerated. The Academy may suspend any student for immoral or illegal conduct. In the case of the use or possession of alcohol or drugs, weapons, theft, cheating or plagiarism, the school shall be the sole judge of such conduct.

Disciplinary Procedure

When an infraction of the policies in this catalog occurs, the disciplinary procedure will be as follows unless the action can potentially cause harm to the health and safety of the students or staff in which case the school reserves the right to indefinitely suspend the student immediately.

- First and all subsequent infractions will result in a written reprimand.
- Three (3) written reprimands will result in a one (1) day suspension from school.
- Subsequent reprimands may be followed by a three (3) day suspension from school.
- If a student receives two (2) three (3) day suspensions, the third suspension will result in indefinite suspension.

During a student suspension, student prices do not apply and vouchers for services will not be honored. Regular prices must be paid for all services.

Indefinite suspension may result in the student being required to appear before the Review Board. If the student is asked to appear he or she will be notified by mail or may also be required to sign a form specifying the date and the time of the Review Board.

- Review Board members may consist of the Director, the Director of Education, Financial Aid Administrator, and an educator.
- When the Review Board occurs, the student will state the situation, give alternate solutions and answer any questions asked by Board members. Minutes will be taken, and the meeting will be recorded. Following the meeting, the Board will decide upon the action to be taken. The Board will

send its written decision to the individual by return receipt mail within ten (10) business days following the meeting.

- The Review Board may expel the student, impose a set term of suspension, end the suspension, or take other appropriate action at its discretion.

Each case will be considered on an individual basis, and minor offenses may be viewed as major in light of recent history or habitual offenses of other school rules. Expelled students must show cause in writing why they should be allowed to return to school.

Upon being allowed to return to school by the Review Board, a student will be terminated for three minor infractions or any major violation of policies including but not limited to:

- Violation of State Licensing Regulations
- Refusal to perform a service on a client
- Leaving school without permission
- Failure to punch in or out
- Taking school merchandise without paying for it
- Theft
- Dishonesty
- Discourteous treatment of clients
- Falsifying records or information
- Insubordination
- Failure to follow instructions
- Fighting, immoral conduct, threats or intimidation of others
- Sleeping while clocked in
- Failure to report an accident or injury immediately
- Being absent without notice or excuse
- Attending school while under the influence of drugs or alcoholic beverages
- Possession of drugs or alcoholic beverages on school premises
- Inappropriate appearance
- Improper language
- Improper use of phone or cell phone
- Excessive tardiness
- Unauthorized solicitation
- Possession of weapons on school property will result in immediate termination

Students allowed by the review board to return to school that continue to violate any TSPA policies could be subject to further disciplinary action.

Keep in mind that any tardies and absences may put a student over their contracted graduation date resulting in over contract fees and possibly having an adverse effect on any financial assistance a student is receiving.

School Policies

High School Diploma Review Policy

Students are required to have a valid high school diploma, transcripts with graduation date, or a G.E.D. in order to be accepted into the programs at The Salon Professional Academy. This information must be provided prior to acceptance at the school.

If we have a reason to believe that a diploma provided by a student is not valid, the administration will take measures to verify the validity. The Salon Professional Academy maintains a list of schools which have been identified as not providing valid high school diplomas. In order to verify the validity, the administration will first check this list to see if the diploma in question is from one of these schools. If the high school which issued the diploma is not on the list, the administration will research information on the school through the best measures available (internet, phone, contacting other schools that may have dealt with the school in question, etc). After further information has been gathered, the administration will meet and make a decision as to the validity of the diploma. If no further information can be obtained or if the validity is questionable, the administration will deny admission to the student. The student will be informed by mail that he or she could not be accepted because the administration could not verify the validity of the diploma.

Transfer Policies

Transfers

Interested students providing satisfactory transcripts from another cosmetology, esthetics, or massage therapy school may enter The Salon Professional Academy and receive credit for up to 50% of the Salon Professional Academy's program. A placement test, for a fee of \$200.00, may be required to determine placement of the transfer student.

After careful examination of the student's academic records and placement test results, the Director of Education will determine, at her discretion, how many transfer hours The Salon Professional Academy will accept and where to place the student in the program.

Hours of training required to attain a diploma from The Salon Professional Academy are based on acquired knowledge in comparison to The Salon Professional Academy's curriculum. Transfer students will be charged per hour or a percentage according to the current rate of tuition for hours required.

Transfers to other schools

Every institution has its own policy regarding transferring credits. The Salon Professional Academy cannot guarantee the transferability of any particular courses.

Rights & Privacy- FERPA Policy

It is the policy of The Salon Professional Academy to abide by the Family Educational Rights and Privacy Act of 1974. This act guarantees a student's right of access to the student's personal file and the student's right to the privacy of that file. Information from a student's file will only be released upon written permission from the student. Parents/guardians of a minor (or tax dependent) student, accrediting agencies, and government officials may gain access to a student's files without the express permission of that student.

Family Educational Rights and Privacy Act of 1974 (FERPA) Policy

The FERPA is a federal law designed to protect the privacy of a student's educational records. The law applies to all schools which receive funds under an applicable program from the U.S. Department of Education. The FERPA gives certain rights to parents regarding their children's education records. These rights transfer to the student or former student who has reached the age of 18 or is attending any school beyond the high school level.

Students and former students to whom the rights have transferred are called eligible students. Parents or eligible students have the right to request that a school change current records believed to be inaccurate or misleading. If the school refuses to change the records, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still refuses to make the changes, the parent or eligible student has the right to place a statement in the records commenting on the contested information in the records.

Generally, the school must have written permission from the parent or eligible student before releasing any information from a student's record. However, the law allows schools to disclose records without any consent to the following parties:

- School employees who have a need-to-know
- Other schools to which a student is transferring
- Parents when a student over 18 is still dependent
- Certain government officials in order to carry out lawful functions
- Appropriate parties in connection with financial aid to a student
- Organizations doing certain studies for the school
- Accrediting organizations
- Individuals who have obtained court orders or subpoenas
- Persons who need to know in cases of health and safety emergencies

- State and local authorities to whom disclosure is required by state adopted laws before November 19, 1974

Schools may also disclose, without consent, “directory” type information such as student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, the school must tell parents and students of the information that is designated as directory information and provide a reasonable amount of time to allow the parent or eligible student to request the school not disclose that information about them. Schools must notify parents and eligible students of their rights under this law. The actual means of notification is left to each school. If a student wishes to see their records, they should contact the administration and a time will be scheduled to allow access to their records.

Any questions or concerns under this act should be directed to: Family Policy Compliance Office, Department of Education, 400 Maryland Ave SW, Room 3017, Washington D.C. 20202-4605 or a student may call (202) 401-2057.

Cosmetology Satisfactory Progress Policy

All students attending The Salon Professional Academy must maintain Satisfactory Academic Progress (SAP) which is defined as reaching each checkpoint of training with an average theory and practical grade of 85% and 85% attendance.

SAP checkpoints are as follows: 450 hours (25%), 900 hours (50%), and 1350 (75%) hours

At these checkpoints, the student must have attended at least 85% of all scheduled hours, and maintained an 85% grade point average to make SAP. The maximum time frame in which any student can complete his or her program is 117.6% of the normal duration of the program -or- 62 weeks for a Cosmetology student. However, any student who attends beyond the contract end date will pay additional fees as stated in the student’s contract. If, at one of the above checkpoints, the student is not making SAP, the student will be advised by the financial aid and/or education office that (s)he will be placed on Academic Warning. The student will be eligible for financial aid disbursements during the payment period without the need for an appeal. Documentation will be placed in the student’s file. The student will be informed that (s)he is on Academic Warning until the end of the current checkpoint (payment period)

If the student is on Academic Warning and has not met the minimum requirements for Satisfactory Academic Progress by the end of the current checkpoint (payment period), the student will be ineligible for Title IV aid and/or Veterans benefits for subsequent

payment periods or until Satisfactory Academic Progress is reestablished. The only way a student may still be eligible for benefits during this time period is by completing a successful appeal as detailed below.

In the absence of an appeal, the student will be notified by the financial aid office and/or education office that (s)he will only be allowed to continue in his/her program if the student demonstrates willingness and/or is attempting to comply with Satisfactory Academic Progress standards and pays privately for that payment period.

A student who is ineligible for Title IV aid and/or Veterans benefits may appeal the unsatisfactory progress determination on the basis of death of a relative, injury or illness of the student, or other special circumstances which prevented the student from being able to achieve Satisfactory Academic Progress during that payment period. The student may appeal by submitting a request to the Owner/Director in writing within fourteen days of being notified of his or her ineligibility. The letter should include an explanation of why the student was not able to achieve Satisfactory Academic Progress and any documentation that supports the student's appeal (e.g. a doctor's note). The student must also submit a written plan detailing how (s)he will regain Satisfactory Academic Progress and the timeframe in which (s)he will do so.

The Owner/Director will review the individual's case privately and then hear the Director of Education's evaluation with the student present. The student will then have an opportunity to respond to the Director of Education's evaluation and provide any additional documentation before a determination is made. The Owner/Director will make a determination and notify the student and the Director of Education before placing documentation in the student's file. Each student is an individual as are his/her circumstances. Student files will be documented as to the specific circumstances of his/her probation. A student making unsatisfactory progress may be reinstated for academic and financial aid purposes after a successful appeal but will remain on Academic Probation until the student has completed the written plan and regained Satisfactory Academic Progress.

If the student does not appeal or fails to demonstrate a willingness and/or is not attempting to comply with Satisfactory Academic Progress standards, or if the student fails to make payments during this period, the student may be withdrawn from the Academy for unsatisfactory progress. Any Title IV aid and/or Veterans benefits will be terminated, and the appropriate agencies will be notified that the student has been withdrawn.

If a student withdraws while on Academic Warning or Academic Probation and chooses to re-enroll, the student will still be on Warning or Probation upon re-entry. The student must attain Satisfactory Academic Progress by the next payment period (or adhere to his or her written plan if on Probation) in order to maintain eligibility for Title IV aid and/or

VA benefits. A student who must take an approved leave of absence or must withdraw from training for non-academic reasons may return to the program with no loss of Satisfactory Academic Progress if the student was making Satisfactory Academic Progress when the student left.

In the case of a temporary interruption of attendance, a Cosmetology student can take up to one hundred and eighty (180) days. This time will not affect his/her satisfactory progress standing. A leave of absence may extend the student's contract period and minimum time frame by the same number of days in the leave of absence. A student taking a leave of absence that is not in satisfactory progress and has been put on Academic Warning or Academic Probation may return to school but will remain on Academic Warning or Academic Probation.

There are no incomplete, remedial, or non-credit courses offered at the Academy. A withdrawal from the program has no impact on Satisfactory Academic Progress determinations.

A leave of absence may extend the student's contract period and minimum time frame by the same number of days in the leave of absence. A student taking a leave of absence that is not in Satisfactory Academic Progress and has been put on Academic Warning or Academic Probation may return to school but will remain on Academic Warning or Academic Probation.

There are no incomplete, remedial, or non-credit courses offered at the Academy. A withdrawal from the program has no impact on Satisfactory Academic Progress determinations.

Esthetics Satisfactory Progress Policy

All students attending The Salon Professional Academy must maintain Satisfactory Academic Progress (SAP) which is defined as reaching each checkpoint of training with an average theory and practical grade of 85% and 85% attendance.

The maximum time frame in which any student can complete their program is 117.6% of the normal duration (contract end date) of the program -or- 21 weeks for an Esthetics student. However, any student who attends beyond the contract end date will pay additional fees as stated in the student's contract.

Any Title IV aid and/or Veterans benefits will be terminated, and the appropriate agencies will be notified that the student has been withdrawn.

If a student withdraws while on Academic Probation and chooses to re-enroll, the student will still be on probation upon re-entry. The student must adhere to his or her written plan in order to maintain eligibility for Title IV aid and/or VA benefits.

SAP checkpoint is 375 hours (50%).

The maximum time frame in which any student can complete his or her program is 117.6% of the normal duration (contract end date) of the program -or- 29.4 weeks for a Massage Therapy student. However, any student who attends beyond the contract end date will pay additional fees as stated in the student's contract.

If, at the checkpoint, the student has not met the minimum requirements for satisfactory progress, the student will be advised by the financial aid and/or education office that (s)he is ineligible for Title IV aid and/or Veterans benefits for the current payment period. The only way a student may still be eligible for benefits during this time period is by completing a successful appeal as detailed below.

fails to make payments during this period, the student may be withdrawn from the Academy for unsatisfactory progress. Any Title IV aid and/or Veterans benefits will be terminated and the appropriate agencies will be notified that the student has been withdrawn.

If a student withdraws while on Academic Probation and chooses to re-enroll, the student will still be on Probation upon re-entry. The student must adhere to his or her written plan, in order to maintain eligibility for Title IV aid and/or VA benefits.

Massage Therapy students are not allowed to take a leave of absence. There are no incomplete, remedial, or non-credit courses offered at the Academy. A withdrawal from the program has no impact on Satisfactory Academic Progress determinations.

Placement Assistance

Employers are encouraged to interview students, and efforts are made to connect students to employers as requested by the individual students. Several times a year the Academy holds salon events at the school for current students. This gives students the opportunity to meet with salons and spas and ask questions. Students are prepared in the latter part of training to seek employment. Job opportunities are posted at the school in the student break room and on our website. The Salon Professional Academy cannot guarantee every student will be placed. However, the Academy does follow-up with graduates to help us prepare new students for future job placement.

Student referrals to prospective employers are not based on direct contact with the employer regarding current job openings. Under Wis. Admin. Physical Demands of Cosmetology

There are physical demands placed on the body in any career. In cosmetology, care must be taken to protect the back, legs and feet.

- One way to do this is strength training to enhance back, abdomen and leg muscles. Regular weight lifting exercises will benefit individuals in this profession. Regular exercise will help to promote all over body conditioning, and will improve circulation in legs and feet. We recommend consulting a doctor before beginning any exercise program.
- This job requires standing for long periods of time so it is suggested that proper fitting, supportive shoes are worn. These are not a requirement, but will help increase the chances of longevity in the profession.

Safety Requirements of Cosmetology

Safety suggestions for this profession include:

- Wearing shoes that would not be slippery when walking on a damp floor. Working with water means there is always a risk of water spills. All water spilled should be wiped up as quickly as possible after a spill.
- Damp hair lying on the floor can also pose a chance of slipping. All hair needs to be swept up immediately following each haircut to minimize accidents. It is the responsibility of each stylist to promote a safe working environment.
- Gloves are to be worn during chemical services to reduce the risk of any allergic reaction that an individual may have to certain chemicals.

- Anytime a product accidentally gets in the eyes, flush eyes thoroughly with water. (It is recommended that this is done for at least 15 minutes.) Seek medical attention if irritation continues.

Licensing Requirements for Cosmetology in Wisconsin

To become licensed in cosmetology in Wisconsin, students must complete 1,550 hours of approved training, graduate from an approved school, and pass the state board exams.

Completing the FAFSA

TSPA recommends completing and submitting your FAFSA for Federal financial aid. All financial assistance is determined by eligibility. Then, a student should review the information below and meet with the Financial Aid Administrator to determine any additional assistance for which you may be eligible.

FAFSA

Filling out the Free Application for Federal Student Aid (FAFSA) is the first step in securing financial aid. All students must complete the FAFSA in order to obtain any federal aid regardless of the financial status of the family. This will determine your eligibility for financial aid.

There is a year-end deadline of June 30th to complete the FAFSA. We encourage all students to apply early in order to ensure they receive disbursements within a reasonable time.

To ensure that we are able to properly process your FAFSA, make sure your completed FAFSA includes the following:

The Salon Professional Academy’s School Code: 041577

This code will be used by the federal processor to ensure TSPA receives your FAFSA results which will determine your federal aid eligibility. To ensure accuracy, whenever possible, use income and other information from your completed tax return rather than estimated figures.

You can find more information or apply for financial aid by visiting the FAFSA website at <https://fafsa.ed.gov>

Types of Financial Aid

Grants

Grants are aid that you do not have to repay and are based on financial need.

Loans

Unlike grants and scholarships, loans are a type of financial aid that must be repaid. Loans come with interest that must also be repaid so it is important to research and weigh your options carefully before borrowing and to borrow conservatively. TSPA strongly encourages students to maximize federal loan eligibility before considering private loan options.

Veterans' Benefits

Veterans or children of Veterans may be eligible for educational benefits based on U.S. military service. You can find more information, or apply for these benefits at: <https://va.gov/> or by calling (888) 442-4551.

Native American Tribe Benefits

Many Native American tribes offer education benefits to members of its tribe. The benefits often vary by tribe and each tribe has separate requirements for eligibility. If you are a member of a Native American tribe, contact the Higher Education Department of your tribe to obtain more information on the requirements and the benefits available.

Dislocated Workers Benefits

Displaced or dislocated workers may be eligible for educational benefits through the Wisconsin Department of Workforce Development. Benefits and eligibility vary depending on individual circumstances. You can find more information on eligibility and benefits available at: <https://dwd.wisconsin.gov/dislocatedworker/> or by visiting your local Wisconsin Job Center. Scholarships

There are a variety of scholarships available to assist students with educational needs. Information on most scholarships is available online, and students are encouraged to search for applicable scholarships. The Financial Aid Administrator also has a list of scholarships for which students may be eligible. If students need assistance in locating scholarships they can schedule an appointment with the Financial Aid Administrator.

Financial Aid Programs Available at TSPA

Federal Pell Grants

This grant is need based and awarded to undergraduate students. The Pell amount may change annually and varies depending on enrollment status (full-time/part-time).

If a student withdraws while receiving a Pell grant, the award may be adjusted or repaid.

You can learn more about the Federal Pell Grant by scheduling a meeting with the Financial Aid Administrator or visiting the federal website at: <https://studentaid.gov/understand-aid/types/grants/pell>

Federal Direct Loan Program

The William D. Ford Federal Direct Loan is a fixed interest loan. Students cannot borrow more than the estimated cost of attendance meaning the loan cannot exceed the standard budget of the institution. In addition to these need and budget limitations, a federal maximum also applies.

To be eligible for a Federal Direct Loan, a student must meet the following requirements:

- Be enrolled at least half time,
- Meet institutional Satisfactory Academic Progress standards, and
- Complete the financial aid process

There are two types of Federal Direct Loans:

- Subsidized
- Unsubsidized

Subsidized

Subsidized loans are available to students who demonstrate financial need after applying for grants, scholarships, and other applicable resources.

If a student receives a subsidized loan, no interest will accrue on the subsidized loan while the student is in school or for the first six months after they graduate. Recipients of these loans may also apply for periods of deferment after leaving school if low income or hardships prevent repayment.

150% Direct Subsidized Loan Limit

The Moving Ahead for Progress of the 21st Century Act was enacted on July 6, 2012, and adds a new provision to the Direct Loan statutory requirements. This provision limits first-time borrowers eligibility for Subsidized Loans to a time period that cannot exceed 150% of the published program length. It applies only to first-time borrowers on or after July 1, 2013.

Unsubsidized - Unsubsidized loans are also available through the Federal Direct Loan program. These loans are not need based. Unlike the subsidized loans, the student is responsible for interest that accrues while the student is attending school. Students have the option of paying the interest while in school or letting it capitalize until they begin making payments on the principal. Choosing to let it capitalize will increase the total amount that must be repaid.

Obtaining a Federal Direct Loan

Upon completion of the FAFSA and any other paperwork that may be required, the financial aid office will mail each student a letter informing the student of the award amount available. A student can request a portion or all of the amount awarded but is not able to request more than what was awarded. A federal loan fee will be deducted from each disbursement.

The student will be informed of any additional steps that must be completed prior to obtaining any disbursements.

If a student needs assistance completing any of these steps, the student can schedule an appointment with the Financial Aid Administrator.

Entrance Loan Counseling

First time borrowers must complete required entrance loan counseling prior to receiving any disbursements. This is a one-time requirement and must be completed in advance by clicking the Federal Direct Loan Entrance Counseling link on the Direct Loan website at <https://studentaid.gov>

Students will need their Federal Student Aid username and password to complete counseling.

Master Promissory Note

The student must complete a Master Promissory Note prior to receiving any disbursements. This must be completed in advance and can be complete through the Master Promissory Note link on the Direct Loan website at: <https://studentaid.gov>. (It is recommended that all pop-up blockers are turned off)

In order to complete the Master Promissory Note, the student will need the following:

- Federal Student Aid username and password
- Driver's license (or state ID) number
- Names and addresses of two personal references from two households other than the student's own.

Students are asked to read the Borrower's Rights and Responsibilities Statement provided by the Federal Direct Loan Program. This statement details the terms of the student's loan and can be found in the Master Promissory Note.

Upon completion of all these steps, the student will receive a "Disclosure Statement" from the Direct Loan Servicing Center. This statement will list the disbursements to be made to the student. It is important that the student keeps these for his or her records.

Exit Loan Counseling

If a student who was awarded a Direct Loan withdraws, drops below half-time enrollment, or graduates, the student must complete exit loan counseling. Exit counseling can be completed online through the Direct Loan website at: <https://studentaid.gov>.

The exit counseling will provide the student important information about repaying his or her loan(s), average monthly repayment amount, deferment, loan cancellation, and consequences that may occur due to student loan default.

Please contact the Financial Aid Office if you have questions about Exit Loan Counseling.

Loan Reporting Requirements

Subsidized and Unsubsidized Federal Loan information will be submitted to the National Student Loan Database System (NSLDS). This system is accessible by guaranty agencies, lenders, borrowers, and institutions that are authorized users of the data system.

Federal Direct Parent PLUS Loans

The Federal Direct Parent PLUS Loan for Undergraduate Students, often called PLUS, is non-need based. It is a fixed interest rate loan for the parents of dependent students (discussed later). Amounts of the loan are limited by the institutional budget less other financial aid the student has received.

The repayment on this loan begins once the loan is fully disbursed. The loan cannot be transferred into the student's name; the parent borrower must repay the loan.

For parents to be eligible for a PLUS loan, their dependent student must meet the following requirements:

- maintain at least half-time enrollment and
- meet Satisfactory Academic Progress.

Obtaining a Parent PLUS Loan

After completing the FAFSA, if a parent wants to take out a PLUS loan, the parent must apply. The parent can apply by contacting the Financial Aid Administrator and obtaining a Consent to Obtain Credit form. Once approved for the PLUS loan, the parent will be required to complete his or her own Master Promissory Note (separate from the one completed by the student).

This must be completed in advance and can be completed through the Master Promissory Note link on the Direct Loan website at: <https://studentaid.gov>. It is recommended that all pop-up blockers are turned off.

To complete the Master Promissory Note, the parent will need the following:

- His or her Federal Student Aid Username and password,
- driver's license (or state ID) number, and
- The names and addresses of two personal references from two households other than his or her own.

Parents are not required to complete Entrance or Exit Counseling when taking out PLUS loans.

After deducting any funds necessary for tuition or fees owed to the institution overage checks are disbursed directly to the parent.

Big Dreams Scholarship

The Salon Professional Academy sponsors a quarterly scholarship for \$100.00. In order to be eligible to apply for this scholarship, interested students must be five percent above Satisfactory Academic Progress for their program.

Cosmetology, Cosmetology & Advanced Makeup 1884, and Esthetics students must have a 90% grade average and 90% attendance at their most recent checkpoint. Massage Therapy students must be at an 80% grade average and 90% attendance at their most recent checkpoint. Additionally, qualified students must submit a letter explaining why they are a good choice to receive the scholarship.

This scholarship is funded by proceeds from Continuing Education classes held at The Salon Professional Academy. The Scholarship recipient is picked by independent, outside, parties. The recipient will be notified after selection.

How Financial Need is Calculated

Student Eligibility Criteria

(Source: Department of Education: Funding Your Education; at <https://studentaid.gov/understand-aid/eligibility>)

To receive aid from federal student aid programs, one must meet certain criteria.

Financial Need

Except for some loan programs, you must show that you have financial need according to the Department of Education requirements. (See “Financial need and Expected Family Contribution”.)

Education Requirements

You must demonstrate by one of the following means that you are qualified to enroll in postsecondary education:

- Have a high school diploma or General Educational Development (GED) certificate.
- Meet other standards your state established and that the Department of Education has approved.
- Complete a high school education in a home school setting approved under state law.

You must be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program.

You must meet Satisfactory Academic Progress standards set by the postsecondary school you are or will be attending.

Intellectual Disabilities

Students with intellectual disabilities can receive federal student aid under the Federal Pell Grant Program, FSEOG Program and Federal Work-Study Program. To be eligible, you must:

- Be enrolled or accepted for enrollment in a comprehensive transition and postsecondary program for students with intellectual disabilities at an institution of higher education;
- Maintain Satisfactory Academic Progress; and
- Meet other student eligibility criteria

For more information on comprehensive transition and post-secondary programs for students with intellectual disabilities, please contact the Financial Aid Administrator or go to <https://studentaid.gov/understand-aid/eligibility/requirements/intellectual-disabilities>

Legal and Other Requirements

- You must be a U.S. citizen or eligible noncitizen.
- You must have a valid social security number. You can find out more about applying for one at www.ssa.gov or by calling 1-800-772-1213. (TTY users can call 1-800-325-0778.)

- When you apply for federal student aid, you sign a statement that certifies that you will use federal student aid for educational purposes only.
- You also certify that you are not in default on a federal student loan and do not owe money on a federal student grant (which could happen if you withdraw from school, for example).
- You must comply with Selective Service registration. If you're a male aged 18 through 25 and you have not registered, you can, at the same time you complete your FAFSA, give the Selective Service System permission to register you by means of the FAFSA. You can also register online at www.sss.gov or call 1-847-688-6888. (TTY users can call 1-847-688-2567.)
- Generally, if you have been convicted for the possession or sale of illegal drugs for an offense that occurred while you were receiving federal student grants, loans and/or work study, you will be ineligible for a period of time based on the type and number of convictions. If you answer "Yes" to this question, it is very important that you complete and submit the FAFSA to determine your eligibility. If you are submitting a paper FAFSA, you will be mailed a worksheet to assist you in determining whether your conviction affects your eligibility for federal student aid. If you are applying using *FAFSA on the Web* at www.fafsa.ed.gov, you will be provided the electronic version of the same worksheet during your online session. If you need assistance or have any questions on how to answer this question, call 1-800-4-FED-AID (1-800-433-3243) for help from the Federal Student Aid Information Center.

Even if you're ineligible for federal student aid because of a drug conviction, you should still complete the FAFSA because most schools and states use FAFSA information to award nonfederal aid. If you have lost federal student aid eligibility due to a drug conviction, you can regain eligibility if you pass two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the U.S. Department of Education

- You have limited eligibility for federal student aid while you're incarcerated. Generally, you're only eligible for a Pell Grant and then only if you're NOT incarcerated in a federal or state penal institution. Check with the financial aid office at the school you plan on attending.
- Maintain Satisfactory Academic Progress while in school.

Match Requirements

When you apply for federal student aid, the Department of Education verifies some of your information with certain federal agencies, including the Social Security Administration (for verification of Social Security numbers and U.S. citizenship status) and the Department of Homeland Security (to verify Alien Registration numbers).

If the information doesn't match, the discrepancy must be resolved before you can receive federal student aid. They also check your information against the National Student Loan Data System (NSLDS) to verify that you haven't defaulted on your federal student loan, haven't received an overpayment on a federal grant or a Federal Perkins Loan, and haven't borrowed more than the total limit allowed.

They also check your information against Veterans Affairs if you answer that you are a veteran. Most males between the ages of 18 and 25 must register with Selective Services in order to be eligible for federal student aid so we check with this agency as well.

Financial Need and Expected Family Contribution (EFC)

Aid for most of the Department of Education's programs is awarded based on financial need (except for unsubsidized Stafford Loans, PLUS Loans and TEACH Grants). The EFC is a measure of your family's financial strength and resources that should be available to help pay for your education.

The EFC is calculated from the information you report on the FAFSA and according to a formula established by law. Your family's income (taxable and untaxed) and assets are considered in determining your EFC. Your family size and the number of family members who will be attending a college or career school are also considered.

Your EFC will appear on the *Student Aid Report* (SAR) you receive from the Department of Education after you file your FAFSA. To determine your financial need for federal student aid programs (except for a Direct Unsubsidized Stafford Loan), your school subtracts the Expected Family Contribution (EFC) from your cost of attendance.

The school uses federal grants and other financial aid to meet your financial need. Because the EFC formula must be applied to each family's financial information, we cannot tell you here whether you will be eligible for federal student aid or estimate how much aid you might receive. If you'd like to get an estimate of your financial aid award, use *FAFSA4caster* at <https://fafsa4caster.ed.gov>. The information you submit with *FAFSA4caster* can be used to populate some of your *FAFSA on the Web* when you're ready to apply for aid. To find out exactly what you will be eligible to receive, you must apply for financial aid.

If you want to see how the EFC formula works, you can call the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243).

After you receive your SAR, you will also receive a financial aid offer from the school(s) listed on your FAFSA that offers you admission. Contact the Financial Aid Office at the school(s) that sent you a financial aid offer if you have any questions about your student financial aid offer.

Unusual Family Circumstances

The EFC formula is basically the same for all applicants, but there is some flexibility. The Financial Aid Administrator (FAA) can adjust the cost of attendance or the information used to calculate your EFC to take into account your unusual circumstances. These circumstances could include your family's unusual medical expenses, tuition expenses, or unemployment.

The FAA must have good reasons to use Professional Judgment to make adjustments because of unusual circumstances. You will have to provide documentation to support any adjustments. For example, Financial Aid Administrators may use a letter from the state unemployment agency or other evidence that a student is receiving unemployment benefits to document the loss of income from work. The FAA's decision as to whether to make changes is final and cannot be appealed to the Department of Education.

The following are several additional examples of unusual circumstances that the FAAs may consider as factors in making adjustments in the expected family contribution calculation or to the cost of attendance. These examples include the following:

- Nursing home expenses not covered by insurance,
- Dependent care costs,
- A student or family member who is a dislocated worker, and
- A change in housing status that results in homelessness.

Dependency Status

(Source: Application and Verification Guide 2019-2020)

The law governing the FSA programs is based on the premise that the family is the first source of the student's support, and the law provides several criteria that indicate if the student is considered independent of his or her parents for aid eligibility.

Note that a student reaching the age of 18 or 21 or living apart from his parents does not affect his or her dependency status.

For the 2019–2020 year, a student who meets any of the following criteria from HEA Sec. 480(d) is independent; he or she

- Was born before January 1, 1996;
- Is married as of the date he applies;
- Was an orphan, foster child, or ward/dependent of the court at any time since the age of 13;
- is currently serving on active duty for purposes other than training;
- is a veteran of the Armed Forces of the United States (as defined in subsection (c)(1));
- will be a graduate or professional student when the award year starts;
- has legal dependents other than a spouse; or
- is an emancipated minor or in legal guardianship or was when he reached the age of majority in his state; or
- was determined at any time since July 1, 2018, to be an unaccompanied youth who was homeless or self-supporting and at risk of being homeless.

If none of these criteria apply to you, you are a dependent student.

In unusual cases an aid administrator can determine that a student who doesn't meet any of the independence criteria should still be treated as an independent student.

Repayment of Loans

(Sources: Department of Education: <https://studentaid.gov/manage-loans/repayment/plans>)

Repayment Plan Options

There are eight repayment plans available to borrowers. They are as follows:

Standard Repayment

A standard repayment plan allows the borrower to repay the loan in fixed monthly payments. With this option, the borrower is given up to 10 years to repay the loan. Borrowers pay less interest for their loan over time under this plan.

Graduated Repayment

A graduated repayment plan allows the borrower to pay lower payments initially which gradually increases every 2 years. With this option, the borrower is given up to 10 years to repay the loan.

Extended Repayment

An extended repayment plan payments will be an amount that ensures that your loan will be paid in full in 25 years. You can choose to make either fixed or graduated payments. This plan is available for Direct Loan borrowers who have no outstanding balance on a direct loan as of October 7, 1998 or on the date the borrower obtained the direct loan after October 7, 1998. In order to qualify for this option, the total loan amount must be greater than \$30,000. This option allows the borrower up to 25 years to repay the loan.

Income Driven Repayment Plans: Your monthly payment amount is recalculated annually based on your income.

Pay As You Earn Repayment(PAYE)

To be eligible, a Direct Loan Borrower, must be a new borrower on or after October 1, 2007, you must have received a disbursement of a Direct Loan on or after October 1, 2011, and the required payment amount under this plan must be less than what you would pay under the 10 year standard repayment plan. Payments will generally be 10% of your discretionary income, but never more than the 10 year standard repayment plan amount. If you have not repaid your loan in full after having made the equivalent of 20 years of qualifying monthly payments, any outstanding balance on your loan will be forgiven. You may have to pay income tax on any amount that is forgiven. The borrower is given up to 20 years to repay the loan.

Income-Based Repayment (IBR)

To be an eligible Direct Loan Borrower, the required payment amount under this plan must be less than what you would pay under the 10 year standard repayment plan. Your payments will generally be 10% (for new borrowers on or after July 1, 2014) or 15% (for all other borrowers) of your discretionary income, but never more than the 10 year standard repayment plan amount. If you have not paid your loan in full after making the equivalent of 20-25 years of qualifying monthly payments, any outstanding balance on your loans will be forgiven. You may have to pay income tax on any amount that is forgiven. A borrower is given up to 20 years for new borrowers on or after July 1, 2014, and up to 25 years for all other borrowers.

Income-Contingent Repayment (ICR)

For Direct Loan borrowers, your payments will be the lesser of 20% of your discretionary income or the amount you would pay on a 12 year standard repayment plan multiplied by a percentage based on your income. If you do not repay your loan after making the equivalent of 25 years of qualifying monthly payments, the unpaid portion will be forgiven. You may have to pay income tax on the amount that is forgiven. With this option, the borrower is given up to 25 years to repay.

Revised Pay as You Earn Repayment Plan (REPAYE)

For Direct Loan borrowers, your monthly payments will be 10% of your discretionary income. Your monthly loan payment can be more than the 10 year Standard Plan amount. Payments are calculated each year and based on your updated income and family size. If you're married, both your and your spouse's income or loan debt will be considered whether taxes are filed jointly or separately (limited exceptions). Any outstanding balance on your loan will be forgiven if you haven't repaid your loan in full after 20 to 25 years. You may have to pay income tax on the amount that is forgiven.

Income Sensitive Repayment Plan

For direct loan borrowers, your monthly payment is based on annual income for up to 15 years. Under this plan, you'll pay more over time than the 10-year Standard Plan. The formula for determining the monthly payment amount can vary from lender to lender.

Debt Management Strategies

Borrowers are encouraged to use the grace period to carefully consider debt management strategies. This includes creating a budget to determine the affordability of repayment and using that budget to determine their repayment goal.

Borrowers should consider whether it is better for them to have a lower monthly payment, pay off the loan in the quickest amount of time, or defer payment. It is important to consider all of the available repayment plans before making a choice. Calculators are available on <https://studentaid.gov/> to assist borrowers in finding the repayment plan which best meets their goals.

Borrowers are encouraged to use NSLDS or their credit report to identify all loans. It is also recommended that they take advantage of automatic payment options to avoid missing payments. Borrowers can also ask the servicer to reset the payment dates so that payment is due at a different time of the month.

Finally, if borrowers are having difficulties making payments, they are strongly encouraged to contact their servicer and discuss the problems. There are many options available which the servicer can provide additional information on based on individual circumstances.

Direct Consolidation Loan

A Direct Consolidation Loan allows for borrowers to combine all federal loans into one single loan. Private loans may not be included in a Direct Consolidation Loan.

Through this process, the existing loans are considered paid in full and are replaced with a new loan. This option creates a new interest rate, repayment schedule and terms which are based on the weighted average of the underlying loans rounded up to the nearest one-eighth of 1%. In order to be eligible for this consolidation, the borrower must complete a Direct Consolidation Loan Application and Promissory Note.

The consolidation process takes between 30-60 days, and repayment begins approximately 60 days or sooner after the consolidation process is completed.

In order to qualify for consolidation, borrowers must be in a grace period or in repayment. Repayment options are available for Consolidation loans. Using this option may cause the borrower to lose previous benefits. These loans are eligible for some, but not all, deferments. Borrowers with Subsidized Stafford loans retain the interest subsidy during deferments. Forbearance provisions for these loans are the same as for Stafford and PLUS loans. See StudentAid.gov/consolidation for more information.

Tax Benefits

The federal government provides several tax incentives that can help defray the cost of higher education. These incentives come in the form of tax credits (directly reduce the amount of tax owed) or tax deductions (reduce the amount of income that you pay taxes on). Students and/or parents may qualify for one or more of the benefits, but there are some restrictions. Taxpayers cannot take both an education credit and a deduction for tuition and fees for the same student in the same year so it is recommended that you figure your taxes multiple ways in order to

determine the maximum benefit available to you. Additional information on tax benefits for higher education can be found at IRS.gov in IRS Publication 970, Tax Benefits of Education.

Tax Credits

Taxpayers cannot claim more than one of the following credits for the same student in the same year. If the taxpayer paid qualified expenses for more than one student, the taxpayer can choose to take credits on a per-student, per year basis. (For example, the taxpayer could take the American Opportunity Credit for his or her education while still taking the Lifetime Learning Credit for his or her child who is also claimed as an exemption for the taxpayer.) Education credits are claimed on IRS Form 8863, Education Credits.

American Opportunity Credit

American Opportunity Tax Credit is a credit for qualified education expenses paid for an eligible student for the first four years of higher education. You can get a maximum annual credit of \$2,500 per eligible student. If the credit brings the amount of tax you owe to zero, you can have 40 percent of any remaining amount of the credit (up to \$1,000) refunded to you. For more information visit: <https://irs.gov/Individuals/AOTC>

Lifetime Learning Credit

The Lifetime Learning credit assists parents and students in paying for post-secondary education. It allows for a maximum credit of \$2,000 for qualified education expenses paid for all students enrolled in eligible educational institutions. Unlike other credits, there is no limit on the number of years which this credit can be claimed for each student. For more information visit: <https://irs.gov/Individuals/LLC>

Tax Deductions

Tuition and Fees Deduction

Deductions for qualified education expenses paid during the year may be available to the taxpayer, the taxpayer's spouse, or dependents of the taxpayer. The qualified expenses must be for higher education in order to utilize this deduction. Student-activity fees and expenses for course-related books, supplies and equipment must be paid to the institution as a condition of enrollment or attendance.

This deduction can reduce the amount of the taxpayer's income subject to tax by up to \$4000. This deduction is reported on IRS Form 8917, tuition and Fees Deduction, and is taken as an adjustment to the taxpayer's income. (This means that the taxpayer can take this deduction even if (s)he did not itemize deductions.) This deduction may be beneficial to taxpayers who are not eligible for other tax benefits because their income is too high.

Normally, a taxpayer can claim the Lifetime Learning credit if they meet all three of the following requirements:

- The taxpayer paid qualified education expenses for higher education.
- The taxpayer paid the education expenses for an eligible student.
- The eligible student is the taxpayer, the taxpayer's spouse, or a dependent that is being claimed as an exemption on the tax return.

A taxpayer cannot claim this deduction if any of the following applies:

- The taxpayer's filing status is married filing separately.

- Another person can claim an exemption for the taxpayer as a dependent on his or her tax return. The taxpayer cannot take this deduction even if the other person does not actually claim that exemption.
- The taxpayer was a nonresident alien for any part of the year and did not elect to be treated as a resident alien for tax purposes. (More information on nonresident aliens can be found in IRS Publication 519, U.S. Tax Guide for Aliens.)
- The taxpayer or anyone else claims an education credit for expenses of the student for whom the qualified education expenses were paid.

Student Loan Interest Deduction

Generally, any personal interest paid by the taxpayer (other than certain mortgage interest) is not deductible on the taxpayer's return. An exception being if the taxpayer's modified adjusted gross income (MAGI) is less than \$80,000 (\$160,000 if filing jointly), a special deduction may be allowed for paying interest on a student loan (also known as an education loan) used for higher education. Student loan interest is interest paid by the taxpayer on a qualified student loan during the tax year, and includes both voluntary and required interest payments.

A qualified student loan is a loan which the taxpayer took out solely to pay for qualified education expenses (defined next) that were:

- For the taxpayer, the taxpayer's spouse, or a person who was a dependent when the loan was taken out.
 - Paid or incurred within a reasonable timeframe before or after the loan was taken.
 - For education provided during an eligible student's academic period.

Loans from the following sources are not considered qualified student loans:

- A relative of the taxpayer.
- A qualified employer plan.

A qualified education expense is the total cost of attending an eligible educational institution and include the following amounts paid for:

- Tuition and fees.
- Room and board.
- Books, supplies and equipment.
- Other necessities (i.e. transportation).

The cost of room and board qualifies only to the extent that it is not more than the greater of the following:

- Room and board allowance, as determined by the eligible educational institution, that was included in the cost of attendance (for federal financial aid purposes) for a particular academic period and the living arrangement of the student, or
- The actual amount charged if the student is residing in housing which is owned or operated by the eligible educational institution.

This deduction can reduce the amount of a taxpayer's income subject to tax by up to \$2,500, and is taken as an adjustment to income. This allows for the taxpayer to claim this deduction even if (s)he does not itemize deductions on IRS Form 1040, Schedule A.

Obtaining Information on the Status of Loans through NSLDS

The National Student Loan Data System (NSLDS) was created in 1996 and is the U.S. Department of Education's central database for student aid. It provides a centralized, integrated point of reference for Title IV loans and grants which contains regularly updated data collected from a variety of sources. These sources include schools,

guarantors, Federal loan services, and other Department of Education programs. It can be used to determine student eligibility, monitor borrower aggregate totals, and track changes to a student's financial aid history.

This system tracks the enrollment of all student loan borrowers and contains records of recipients of federal grants and people who owe an overpayment on a federal grant. It contains information on Federal Student Loans (Federal Direct loans) and Federal Grants (Pell Grants) as well as enrollment information.

It is important that students understand the loan status codes used by the system, which provide insight to the borrower's Title IV eligibility. All of the codes can be found on the website, but some of the more common codes are as follows: IG (in grace period), FB (forbearance), and PC (paid in full through consolidation).

Students can access NSLDS through the website nslds.ed.gov. Through this website they will be able to track their loans until they are paid in full. In order to access their loan information, students will need their social security number, date of birth, first two letters of their last name, and their Federal Student Aid Username and Password. Students are only allowed to access their own information, and will not have access to any of their parent's PLUS loan information. Parents are able to use this site to access their PLUS loan information by using their social security number and their Federal Student Aid Username and Password.

Verification Policy

Verification is a process required by the federal government in which the Financial Aid Office compares information on financial aid documents to source documents which are provided by the student. This process allows the Financial Aid Administrator to compare the documents for accuracy and confirm students' eligibility to receive financial aid.

The Salon Professional Academy only requires students who are selected for verification to complete this step in the financial aid process. Please do not provide this information unless the Financial Aid Office requests it. Not all students selected for verification will have to provide the same information; it may vary depending on what information needs to be confirmed. If a student is selected for verification, funds will not be disbursed until the process is complete.

The selection of which students will need to complete verification is random and cannot be overruled by The Salon Professional Academy or the Financial Aid Office. In some circumstances, the Financial Aid Office may select a student for verification to resolve any confusing or conflicting information.

If a student is selected for verification, the Financial Aid Office will notify the student via mail/phone. The Financial Aid Administrator will explain what information will need to be verified and the supporting documentation that will be needed to verify this information. If the student is a dependent, this information may be required from either or both the student and the parent(s). Once notified that verification will be required, the student will have 30 days to provide the supporting documentation. Failure to provide this information in a timely manner may cause a delay in disbursements or possibly a loss of disbursement.

If a student drops or is terminated from The Salon Professional Academy before the verification process is complete, the student will have 60 days from the drop date to complete the verification process.

Below are some examples of supporting documentation that may be required for the student to provide for the verification process. This list is not all inclusive.

- Proof of citizenship
- Tax information including tax transcript or IRS Data Retrieval Tool information. The Salon Professional Academy cannot accept Tax Returns.
- Documentation of independent status

- Veterans status
- Selective Service registration—Males born after July 1960 must register with Selective Services in order to be eligible for financial aid.
- Social security number verification—If your name has changed and you have not yet notified the Social Security Administration, aid cannot be disbursed until you have done so.
- Transcripts from previous post-secondary schools—Students who have received Pell grants (from schools other than The Salon Professional Academy, Onalaska) in the previous four award years are considered to have an Unusual Enrollment History and transcripts from previous schools must be provided.
- Students who have been convicted of a drug offense may be ineligible for financial aid. For more information, please contact the federal government at (800) 433-3243.

How Funds Are Disbursed

Applying for Financial Aid

Filling out the Free Application for Federal Student Aid (FAFSA) is the first step in securing financial aid. This will determine your eligibility for a wide range of financial aid. To ensure we are able to properly process your FAFSA, make sure your completed FAFSA includes **The Salon Professional Academy's School Code: 041577**. You can find out more information, or apply for financial aid by visiting the FAFSA website at: <https://fafsa.ed.gov/>.

Student Aid Report (SAR)/Institutional Student Information Report (ISIR)

Once the FAFSA is complete, the student will receive a Student Aid Report (SAR) via email or regular mail, depending on the method of communication provided by the student. If the student provided the School Code on the FAFSA, the school will receive an Institutional Student Information Report (ISIR). These reports will detail the information provided by the student on the FAFSA.

Verification

Additional information may be needed from the student in order to complete the financial aid process. The Financial Aid Administrator will contact the student and inform him/her of any additional information that has been requested. More information is available by contacting the Financial Aid Office.

Financial Aid Offer

Once all the necessary information is processed, the school will receive a copy of the student's financial aid offer. The Financial Aid Administrator will contact the student by phone or mail a copy to the student. An appointment to discuss the financial aid offer with the student may then be scheduled. At that meeting, the Financial Aid Administrator will explain to the student what aid (s)he is eligible for and any additional steps that must be taken prior to the student being able to receive a disbursement. The student will also be given a chance to accept a portion or all of the aid provided.

Counseling and Master Promissory Note

If the student is eligible and accepts Direct Loan assistance, first time borrowers must also complete Entrance Counseling and a Master Promissory Note prior to being able to receive any disbursements. If the parent of a dependent child is eligible, and accepts Parent PLUS Loan, the parent must also complete a Master Promissory Note prior to being able to receive any disbursements. More information on these processes can be requested through the Financial Aid Office.

Financial Aid Disbursements

Cosmetology students abiding by the Satisfactory Academic Progress (SAP) Policy are eligible for financial aid disbursements (up to their maximum eligibility) every 450 hours.

Esthetics students abiding by the SAP Policy are eligible for financial aid disbursements (up to their maximum eligibility) every 300 hours.

Massage Therapy students abiding by the SAP Policy are eligible for financial aid disbursements (up to their maximum eligibility) every 375 hours.

Each time a disbursement is requested, the student will be required to meet with the Financial Aid Administrator to sign a Disbursement Acknowledgement Form. The student's transcripts will be attached to the form, which will be signed by the student, the Financial Aid Administrator, and the Director of Education before being filed in the student's permanent file.

When the disbursement is received by the school, the percentage of tuition and fees owed to the school for that disbursement period will be credited toward the cost of the student's tuition. If there is additional funds available after this credit, an overage check will be prepared for and given to the student within fourteen days.

- Pell Grant: If the student is eligible for and chooses to take a Pell Grant, the Financial Aid Administrator will request the first disbursement during the first week the student begins school.
- Direct Loans: If the student is eligible for and chooses to take a Direct Loan, the Financial Aid Administrator will request the first disbursement thirty (30) days after the start of their program.
- Parent PLUS Loans: If the parent is eligible for and chooses to take a Parent PLUS Loan, the Financial Aid Administrator will request the first disbursement thirty (30) days after the start of the program. Unlike the other types of financial assistance, if there is an overage after tuition and fees have been credited, the overage check will be sent directly to the parent within fourteen days.

Default Management

Default Management is required by the Department of Education for institutions who participate in the Direct Loan program. This is used as a tool to promote student success and to reduce student loan defaults in this program. There are nine activities which make this successful including the following: Entrance Counseling, Financial Literacy for Borrowers, Communication Across Campus, Exit Counseling, Timely and Accurate Enrollment Reporting, NSLDS Date Entered Repayment (DER) Report, Late State Delinquency Assistance (LSDA), Loan Record Detail Report (LRDR) Data Review and Analyzing Defaulted Loan Data to Identify Defaulter Characteristics.

The Salon Professional Academy has adopted the Department of Education's Default Management Plan. We work with Wright International Student Services (WISS) in order to successfully follow this plan in an effort to reduce student loan default rates in the Direct Loan program.

Student Rights and Responsibilities

It is expected that students are actively involved in their education. This begins with understanding the Admissions process, determining the best option to pay for school, and striving to always maintain Satisfactory Academic Progress. The staff at The Salon Professional Academy is here to assist students in all aspects of this process, but in the end, each student is responsible for his/her own education.

Students are expected to pay for their tuition by one of the methods outlined in the enrollment agreement which is signed prior to beginning classes. Failure to make these payments could result in termination from the school. The Salon Professional Academy will not penalize students for delays in aid due to regulations, timing of financial aid offers, or other circumstances which are out of the student's control. However, if a student fails to take action on items required for aid to be processed, the student will be responsible, and it may jeopardize that student's ability to continue in the program. It is essential that students watch for correspondence from the school or other agencies which may send notices about financial aid.

Verification is a common item which may lead to delays or cancellation in financial aid. If a student is selected for verification, it is essential that the student provide the information requested, or the student's financial aid package cannot be processed. For more information on verification, see the Verification Policy located in this handbook.

Students must maintain Satisfactory Academic Progress to remain enrolled at The Salon Professional Academy. This is important not only to ensure academic success, but it also may impact eligibility for financial aid. Students who are not progressing according to the requirements of this policy may not be able to receive financial aid funds until Satisfactory Academic Progress is reestablished.

For more information on Satisfactory Academic Progress, please refer to the Satisfactory Academic Progress (SAP) Policy which can be found under the policies section of this handbook.

Refund Processing

Withdrawal/Termination Paperwork

Once it is determined that a student will be withdrawn or terminated from the program, the Financial Aid Administrator will attempt to contact the student to meet with him/her to complete the withdrawal/termination paperwork. The following processes are all a part of the refund processing portion of the withdrawal/termination paperwork.

Return to Title IV (R2T4) Paperwork

This form is used to determine the amount of federal student funds that must be returned to the Title IV program on the school's behalf. The Financial Aid Administrator will complete this form and send it to the third party processor. The third party processor will review the form and inform the school of the results.

Returning Funds to the Department of Education

If the R2T4 form determines that the school must return federal money, the Accountant transfers the money back into the school's federal account within 45 days of the school's date of determination. The third party processor is informed of the amount and date that the money was transferred back into the federal account.

State Refund Worksheet

This form is used to determine the amount of tuition that is owed for the portion of the program that the student completed. This will determine if the student receives a refund for overpayment or an invoice for the amount due. The amount that may be due is based on scheduled hours.

Returning Funds to the Student

If it is determined that the student has overpaid for the portion of the program completed, the student will be issued a refund check. The refund will be mailed to the student's current address unless other arrangements have been made with the Financial Aid Office

If the Student cancels enrollment prior to the commencement of classes for which the Student is enrolled, the Student shall be entitled to a refund of all monies paid to the Academy, less the application fee of \$150.

The Federal return of Title IV funds calculation will be used for Students who have received financial assistance under the Higher Education Act, i.e. Federal Pell Grants or Stafford Student Loans, or Federal PLUS Loans awarded under the Federal Direct Loan Program.

If the enrollment is terminated during the first 60% of any payment period, the Federal return of Title IV funds calculation will apply. If the Student has completed 60% of the payment period, no refund is due, but the calculation documentation will still be completed and placed into the student’s permanent file. Any refund due to the Department of Education shall be returned within 45 days after the student’s official termination/withdrawal date.

In the case of a leave of absence, the date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the Academy that the student will not be returning. In the case that a student does not attend and does not notify the school that he/she will be absent for three consecutive scheduled days, on the fourth day of absence without notification, the student will be considered withdrawn.

If the Student terminates prior to course completion, the Student is assessed a \$150.00 termination /withdrawal fee. The student must meet with the Director or the Director of Education in order to withdraw. This meeting must be requested in writing.

Any Title IV monies due to the Student shall be refunded within 45 days after the Student’s last day of attendance or, in the case of a leave of absence, the date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the Academy that the student will not be returning. If a student withdraws or is terminated from the program after the fifteenth day of classes, the percentage of the program completed will be calculated based on the student’s scheduled hours.

An applicant not accepted by the Academy shall receive a refund of all monies paid including tuition and application fee.

If the Academy is permanently closed and is no longer offering training after a Student has enrolled and begun training, the Student shall be entitled to a pro-rata refund of tuition.

If the course is canceled after the Student’s enrollment, the Academy shall provide a full refund of all monies or provide for completion of the course.

- Enrollment was procured as a result of any misrepresentation in the written materials used by the school or in oral representations made by or on behalf of the school.

40%	50%	50%
50%	60%	40%
60%	no	No refund

As part of this policy, the Academy may retain a one-time application fee of no more than \$100. The Academy will make every effort to refund prepaid amounts for books, supplies and other charges. A Student will receive the refund within 40 days of termination date. If a Student withdraws after completing 60% of the scheduled instruction, and withdrawal is due to mitigating circumstances beyond the Student’s control, the Academy may refund a pro rata amount.

A written notice of withdrawal is not required.

Students using Title IV funds will follow the above refund policy AFTER the Return to Title IV Policy has been applied and the return of unearned Title IV funds calculation has been made. This calculation often results in the Student owing tuition and fees to the Academy.

The Federal return of Title IV funds calculation will be used for Students who have received financial assistance under the Higher Education Act, i.e. Federal Pell Grants or Stafford Student Loans, or Federal PLUS Loans awarded under the Federal Direct Loan Program.

If the enrollment is terminated during the first 60% of any payment period, the Federal return of Title IV funds calculation will apply.
